

# PATTERNS:

## CROCHETED EDGE PATTERNS

These crocheted edges are used for pillowcases, baby blankets, burp cloths or any other edge that needs embellishment. Each edge creates a different design and finish for your project.

### HEAVY RUFFLE

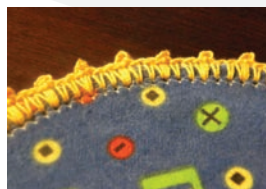

- **Row 1:** 2 Sc in each hole, ss to join.
- **Row 2:** Chain 3, (This counts as 1st dc), dc in the same stitch. \* 2 dc in each space\*, repeat around, (expect a lot of rippling), ss to join.
- **Row 3:** Ch 2, 1 sc in each space, ss to join. Finish off.

For variety, it looks good if row 1 and 3 are the same color and row 2 is a different color.

### BASIC PICOT

- **Row 1:** Sc in the first and second holes, 1sc\* in the third hole, then chain 3, ss in the top of the same sc you are working on (this makes the picot), then sc in the same hole, sc in the next 2 holes\*, repeat from \* to \*, ss to join. Finish off.

### TRIANGLES & ARCHES

- **Row 1:** 1 Sc in each hole, ss to join.
- **Row 2:** Ch 5, (this is 1 dc and 2 ch), dc in the same stitch. Skip 2 stitches and \* dc in the third stitch, ch 2, dc in the same stitch\*. Repeat \* to \*, ss to join. (This makes a row of triangles, every other one inverted)
- **Row 3:** \* 3 dc in the upper flat part of the first (inverted) triangle, then 1 sc in the point of the second (upright) triangle\*, repeat from \* to \*, ss to join. Finish off.
