

3.2.3. Technical and professional capacity

Tenderers must comply with the following selection criteria in order to prove that they have the necessary technical and professional capacity to perform the contract.

3.2.3.1. Criteria related to the tenderers

Criteria related to tenderers

Criterion T1	
The tenderer must prove experience in the field of management of large and complex coordination and support activities.	
Minimum level of capacity	Experience with the management of activities for priority setting, roadmapping and knowledge management in research, development or innovation involving stakeholders with a total contract value for the tenderer of €500,000.00.
Basis for assessment	This criterion applies to the tenderer as a whole, i.e. the combined capacities of all <i>involved entities</i> .
Evidence	<p>A list of at least three projects ongoing or completed in the last five years preceding the tender submission deadline that meet the minimum level of capacity. The list shall include their start and end date, total project amount and scope, role of the tenderer and amount invoiced by the tenderer. In case of projects still ongoing only the portion completed before the tender submission deadline will be taken into consideration.</p> <p>As supporting documents for each project reference the <i>Contracting authority</i> may request statements issued by the clients and take contact with them.</p>

Criterion T2	
The tenderer must prove subject-matter experience in the field of energy system RD&I as addressed by the ETIP SNET and the projects of BRIDGE.	
Minimum level of capacity	Experience with the provision of technical assistance and advisory services to public and private entities related to RD&I in the energy system domain, focussing on smart energy networks, storage and other sources of flexibility, energy communities and/or integrated energy systems with a total contract value for the tenderer of €500,000.00.
Basis for assessment	This criterion applies to the tenderer as a whole, i.e. the combined capacities of all <i>involved entities</i> .
Evidence	A list of at least five projects ongoing or completed in the last five years preceding the tender submission deadline that meet the minimum level of capacity. The list shall include their start and end date, total project amount and scope, role of the tenderer and amount invoiced by the tenderer. In case of projects still ongoing only the portion completed before the tender submission deadline will be taken into
