

6. Because **Add Consistency Protection** was selected, a window opens in which you are prompted if you want to add a change volume, as shown in Figure 10-91.

The image shows a dialog box titled "Add Change Volumes" with a close button (X) in the top right corner. The main text asks, "Do you want to add a master Global Mirror change volume?". There are two radio button options: "Yes, add a master change volume." (which is selected) and "No, do not add a master change volume." Below the "Yes" option, there is a note: "An auxiliary change volume can be added from the auxiliary system." At the bottom of the dialog, there are three buttons: "Cancel", "Back" (with a left arrow), and "Next" (with a right arrow).

Add Change Volumes

Do you want to add a master Global Mirror change volume?

☒ **Yes**, add a master change volume.
An auxiliary change volume can be added from the auxiliary system.

☐ **No**, do not add a master change volume.
