

Imagine you've been in an emergency...

Would law enforcement know **WHO TO CALL?**

Register today with Florida's Emergency Contact Information (ECI) system. It's free, quick and easy!

ECI allows law enforcement to contact designated family or friends in an emergency situation. The system is securely maintained by the Florida Department of Highway Safety and Motor Vehicles (FLHSMV) and can be accessed by law enforcement only in the event of an emergency.

Floridians with a valid driver license or ID card may enter up to two emergency contacts. Residents can register or update their ECI free of charge at flhsmv.gov/eci and in local driver license offices statewide.

**EMERGENCY CONTACT
INFORMATION**

flhsmv.gov/eci

Has your information changed?
Go online and update your ECI to ensure that someone is there for you when you need them.

For more information regarding this and other services provided by FLHSMV, visit www.flhsmv.gov.
