

## Report of Independent Public Accountants

To Franklin Covey Co.:

We have audited the accompanying consolidated balance sheets of Franklin Covey Co. (a Utah corporation) and subsidiaries as of August 31, 2000 and 1999, and the related consolidated statements of income and comprehensive income, shareholders' equity and cash flows for each of the three years in the period ended August 31, 2000. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Franklin Covey Co. and subsidiaries as of August 31, 2000 and 1999, and the results of their operations and their cash flows for each of the three years in the period ended August 31, 2000 in conformity with accounting principles generally accepted in the United States.
