

## Ice scraper

### On the fuel filler flap

S19-0961

## Technical data and specifications

### Requirements for the technical data

The emission standard, information on fuel consumption and other information pertaining to your vehicle can be found listed in the technical vehicle documentation and in the declaration of conformity (in the so-called COC Document).

The information listed was determined in accordance with rules and under conditions that are stipulated by legal or technical regulations.

This and other information about your vehicle and the declaration of conformity can be obtained from a ŠKODA Partner.

The details in the technical vehicle documentation and in the declaration of conformity take precedence over the information in this Owner's Manual. These specifications and values apply to your vehicle in its condition and configuration at the time of delivery from the manufacturer. Retrofitting an accessory can have a negative impact on this information and values, in particular the values regarding fuel consumption and carbon dioxide (CO<sub>2</sub>), which are specified in the vehicle documentation and in the declaration of conformity.

The performance values listed were determined without performance-reducing equipment, e.g. air conditioning system.

### Vehicle identification data

#### Vehicle identification number (VIN)

The vehicle identification number is found at the following locations:

- Directly in the engine compartment on the suspension turret
- On a plate under the windscreen in the lower left corner
- On the type plate at the bottom of the middle body pillar of the vehicle

S18-0344

Type plate

- A** Vehicle manufacturers
- B** Vehicle identification number (VIN)
